

Enhancing Agricultural Businesses, Sharing Knowledge

About Women in Farming

In 2009 around a kitchen table in the West Australian Wheatbelt, sat five women with a desire to share some of the farm management troubles and challenges they had come across and learn from each other.

They weren't sure how the discussion would unfold but before long, ideas were flowing and the room was a buzz with the sharing of all things they wanted to talk about. From this grew the vibrant membership-based organisation - Women in Farming Inc.

What we can offer you

- Interaction and collaboration with peers
- Access to new information
- Opportunities to hear guest speakers & take part in industry tours
- Resources via membership portal on Women in Farming website
- Seminar attendance with innovative speakers & invaluable networking
- A local **(insert name)** branch

Contact

For further enquiries about a **(insert branch name)** Women in Farming branch email us at **(insert branch name)**@womeninfarming.org.au
